Sprint 1 Plan

Goal:
The goal of sprint 1 is to connect the server, database, Foundation API, and Google Maps API so that a user would be able to access a working website.

User Stories:
US1: As a user, I want to be able to access a working website.
- Task 1: github server (4)
- Task 2: database (4)
- Task 3: Familiarize ourselves with the Foundation API (6)

Total for user story: 14 hours

US2: As a user, I want to view/navigate a map to view my surrounding area.
- Task 1: Familiarize ourselves with the Google Maps API. (6)
- Task 2: Implement a basic map into the website. (6)

Total for user story: 12 hours
