Sprint 4 Plan
FIsh
11/20/17
Release 0.0

<div align="center">Sprint 4 Plan</div>

Goal: Integrate the working parts of the app to create a demoable prototype.

User Stories:
US1: As a developer, I want to learn how to incorporate google restrooms data into our application.
    Task 1: Research how to pull restroom data from online. (3)
    Task 2: Get the data into the database. (6)
    Task 3: Display that data on the map in the app (6)
Total for user story: 15 hours

US2: As a user, I want to be able to view the restroom profiles
    Task 1: connect database profiles and UI (6)
    Task 2: make the UI interactive (4)
Total for user story: 10 hours

US3: As a user, I want to be able to access my account within the app.
    Task 2: merge UI and other branches (4)
Total for user story: 8 hours
    Task 1: connect database authentication and UI screens to interact (4)

Team Roles:
Jessica Del Rio - Product owner
Emily Bettencourt - Scrum Master
Sabrina Leano
Oliver Ma

Initial Task assignment
